Checklist for Preparing Records for Transfer to NARA under GRS 6.2, Federal Advisory Committee Records

We provide this checklist as a tool to help you prepare permanent FACA committee records for transfer to NARA. It helps agencies identify the final disposition of FACA committee records scheduled by GRS 6.2, whether you will transfer the records to the National Archives or destroy them after a certain period of time. You should review the checklist for records you are preparing for transfer and check off those that you have. Include in the transfer to NARA only those records identified as permanent. This checklist is not an exhaustive list of committee records. If you have records not on this list and are unsure about their disposition, please contact the GRS Team at GRS_Team@nara.gov.

You must transfer permanent committee records to NARA either when a committee terminates or when the records are 15 years old, whichever is sooner. You should transfer this checklist with the permanent records to NARA. This list does not serve as a replacement for the box or folder list that you should also transfer to NARA with the records.

Sponsoring agencies must designate which copy of a record is the recordkeeping copy of permanent committee records. **Only one copy of the records should be the official recordkeeping copy that is transferred to the National Archives.** Arrange committee records by committee, not by the type of record (e.g. we should not receive a collection of charters for multiple committees; you should transfer original charters with the other permanent records related to the committee, regardless of where you maintain them).

If your agency general counsel designates Presidential advisory committee's records as Federal records, you should send a memo with the transfer of permanent records that establishes that the records are Federal and not Presidential. If the records are designated as Presidential records, you cannot apply this GRS and your agency should contact the Presidential Library Division of the National Archives.

Note: Records establishing a committee whose only purpose is peer review of grant proposals, or records documenting the committee's membership, activities and decisions, are temporary (DAA-GRS-2015-0001-0003). Do not transfer them to the National Archives.

FOIA restricted records

Some permanently valuable committee records may be restricted under FOIA at the time of transfer to NARA. If you have questions about which records are restricted under FOIA, please consult your agency's general counsel or records officer. For records you are transferring to NARA, please indicate below any record types that are subject to FOIA restrictions, citing the specific restriction we should apply. (You can find additional information about FOIA restrictions on committee records in the GRS 6.2 Frequently Asked Questions.)
