In accordance with Section 1205 of P.L. 113-66, as amended by the National Defense Authorization Act (NDAA) for Fiscal Year (FY) 2016 (P.L. 114-92), to support the security cooperation objectives of the United States, DoD may, with the concurrence of the Secretary of State (SecState), establish a program of activities between members of the National Guard (NG) of a State or territory, and:

- (1) The military forces of a foreign country;
- (2) The security forces of a foreign country; or
- (3) Governmental organizations of a foreign country whose primary functions include disaster or emergency response.

b. Each program established under Paragraph 1.2.a. will be known as a State Partnership, and the totality of State Partnerships will constitute the SPP. The SPP will be overseen by the Under Secretary of Defense for Policy (USD(P)); managed and administered by the Chief, National Guard Bureau (CNGB); executed by the commanders of the geographic Combatant Commands (GCCs); and sourced by the NG of the States and territories.

c. SPP activities are security cooperation activities authorized by law, supported by funds appropriated to the DoD for such purposes, occurring between a U.S. State’s or territory’s NG personnel and that State’s or territory’s Partner Nation (PN). SPP activities may include activities authorized under Sections 1203 and 1205 of P.L. 113-66, as amended; Section 1081 of P.L. 112-81, as amended; Section 1207 of P.L. 111-84, as amended; Section 1082 of P.L. 104-201, as amended; Sections 166a, 184, 401, 402, 404, 1050, 1050a, 1051, 2249c, 2282, 2557, and 2561 of Title 10, United States Code (U.S.C.); and other activities authorized by law.

e. All SPP activities will be approved by the relevant GCC and U.S. COM in the associated PN. The CNGB will ensure that all activities are documented and coordinated, as appropriate. Individual SPP activities conducted pursuant to authorities requiring the approval of a DoD

official other than a GCC will be coordinated through the Assistant Secretary of Defense for Strategy, Plans, and Capabilities (ASD(SPC)).

f. An SPP activity that involves foreign security forces other than military forces or governmental organizations of a foreign country whose primary functions include disaster or emergency response may be carried out only if the ASD(SPC), with the concurrence of SecState, determines that the activity is in the national security interests of the United States, and notifies the appropriate congressional committees not less than 15 days before initiating such activity.

g. Funds authorized to be appropriated to DoD, including those for the Army National Guard (ARNG) and Air National Guard (ANG), are authorized for payment of costs incurred by the NG of a State or territory to conduct SPP activities and for payment of incremental expenses of a foreign country to conduct SPP activities, pursuant to Section 1205 of P.L. 113-66, as amended. The total amount of payments in any FY for incremental expenses of foreign countries to conduct SPP engagement activities may not exceed the limitation set forth in Section 1205(e) of P.L. 113-66, as amended.
